ABOUT ME

I LOVE coffe and I am a quick learner so that makes me pick up tools and programming languages very quick. That has made me learn some tools and languages that i have become quite good at. I always try to learn new stuff even though i dont have a project that i feel confindent puting in here.

Experiences

Freelance Programmer

2019 - Today

Trying to expand my knowledge on many different fields like quantum computing, A.I. and game creation
